HEAT, A/C, & DEFROST

AVAILABLE IN COMPLETE KITS OR UNITS ONLY!

MAXI 1 090-00603 \$465
090-00603K \$899

Our Maxi I all electric in-dash unit is our most versatile unit. Featuring floor, A/C, heat and defrost functions. This unit measures 9.5" tall x 9" deep x 19.5" long. The full kit option includes evaporator kit, duct work, vents, wiring, compressor, compressor bracket, condenser, hose and drier kit. This makes it a perfect kit in cramped quarters like 1930-40s cars and most pickups.

MAXI 2 090-00597 \$489
090-00597K \$899

Our Maxi II all electric in dash unit. Featuring floor, A/C, heat and defrost functions. This unit measures 9.5 tall x 7.75" deep x 23" long. The full kit option includes evaporator kit, duct work, vents, wiring, compressor, compressor bracket, condenser, hose and drier kit. This makes it a perfect kit in muscle car era cars.

MAXI 3 090-00473 \$509
090-00473K \$930

Our Maxi III all electric in-dash unit features floor, A/C, heat and defrost functions. This unit measures 10" tall x 10" deep x 24.5" long. The full kit option includes evaporator kit, duct work, vents, wiring, compressor, compressor bracket, condenser, hose and drier kit. This is our largest and most powerful unit.

1967-68 CAMARO 090-00678K \$1125

The 1967-1968 Camaro direct fit kit features heat, A/C and defrost. Kit includes firewall blockoff plate, bolt-in defrost ducts, astro vent covers, bolt-in condenser and controls that fit in the factory original location. This kit only works with original NON-AC equipped Camaros. Full kits include all necessary hardware for a tidy install.

1967-72 CHEVY/GMC TRUCK 090-00672K \$1125

The 1967-1972 Chevy/GMC Truck direct fit kit features heat, A/C and defrost. Kit includes firewall blockoff plate, bolt-in defrost ducts, bolt-in condenser, and controls that fit in the factory original location. The center vent will replace the factory ashtray. This kit only works with original NON-AC equipped trucks. Full kits include all necessary hardware for a tidy install.

TRI FIVE CHEVY

093-00594 \$765 (1955-56)

Sanden to GM Pancake R4 Style Compressor Bracket
Use this bracket to replace your factory R4 compressor on 80's or 90's GM V8 vehicles using a serpentine belt. Also works on the 4.3 V6.
PT# PCA8090 **\$50**

Remote Condenser and Fan Combo
Eliminates engine overheating. R12 or 134A Refrigerant. Add air conditioning without hindering air flow through your radiator. Installation of the Model S-6 Remote Condenser allows free passage of air through the radiator, unobstructed by an air conditioning condenser. Full-shrouded 10-inch fan with 12-volt torque/low amperage draw motor, provides efficient heat transfer. This compact unit can be located at any convenient space beneath the vehicle. Mount at 15° or more. Unit measures 17" wide x 12" long x 4.5" deep.
PT# 1217 **\$159.95**

Sanden to York Compressor Bracket
This bracket allows you to replace your old York/Tecumseh with an aftermarket 508-style compressor.
PT# 45002400FC **\$60**

Southern Air has been making & selling aftermarket heat & AC for 30 years, and we NEVER gouge on shipping or handling. We make and stock our units in house and try to prevent backorders. We strive to keep our prices affordable for you!

STEERING WHEELS

IMPALA STYLE WHEEL
Our Impala Style Gel Coat Wheel comes complete with horn button, horn kit and built-in GM Adapter. This smaller 15" diameter wheel replaces the factory 18" stock steering wheel. This wheel gives your car an original look but provides you with more room for a modern fit. Fits aftermarket GM style columns or factory GM columns dating 1967-1994.

BARE IMPALA STYLE WHEEL
Our Impala Style Bare Finish Wheel comes complete with the same great features as our gel coat Impala Style Steering Wheel but ready for your primer and paint for that custom touch.

40 FORD STYLE WHEEL
Our 1940 Ford Style Wheel comes complete with a horn button and built-in GM Adapter. This 15" diameter wheel fits aftermarket GM style columns or factory GM columns dating 1967-1994. "V8" script horn button upgrade. Add \$10.

STAINLESS BANDED BANTOS
Our Banded Banjo Steering Wheels have the classic look that never goes out of style with stainless spokes, comfortable leather wrap and high polished center horn button. Available in Black, Red, Gray or Tan. This 15" diameter wheel kit comes complete with horn button and GM Adapter. Fits aftermarket GM style columns or factory GM columns dating 1967-1994. "V-8" horn button. Add \$10.00

SOUTHERN RODS 500 WHEELS
Our Southern Rods 500 wheels are perfect for your custom vehicle. Leather wraps are available in Black, Red, Bone, Gray or Tan. This 14.25" diameter wheel kit comes complete with horn button and GM Adapter. Fits aftermarket GM style columns or factory GM columns dating 1967-1994.
